Mike Smith said a check was expected the next day for the sale of 33.5 acres of the Lallis property. The deed restrictions will not allow a subdivision or sale of the property in the next five years. The River~Link trail will be relocated. No decision has been made regarding the remaining 33 acres.

4. Land Acquisition, Boundaries and Roads

- a. Acquisition of Abbott Property – There has been no response from Philadelphia.

5. Trails

- a. April 25th workday plan – additions and revisions: The workday was postponed to May 2 and volunteers will be notified. Lisa and Joe will pick up the 2 x 12s and drop them off at the Orange Trail. All materials will be assembled ahead of time in preparation for the May 2nd workday. Sweeping the trails will include noting for future action the locations of fallen trees. Lisa McSwain will provide maps for the various groups showing what trails or areas to cover.

6. Mapping – Becky's report

Becky Schaffner demonstrated on the screen a map similar to the old map where she had added shading and contour lines and as many trails as she had maps for. The larger map will be colored, otherwise the features are the same. In response to Becky's question about the northern boundary where the GIS State map and her map did not agree, Lisa offered to supply her with the original survey maps. Becky has not yet recreated the flip side of the map showing the River~Link trails. That map will be resized for the brochure.

7. Other Business

Lisa said the deadline for hearing about the grant is May 10. She reported that there is \$931 left in the budget until July 1.

Mike Smith said the building will probably still be closed for the next meeting so a meeting via Zoom will be held.
